Claims 1, 2, 4-28, and 30-56 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance of claims 1, 2, 4-28, and 30-56 is the inclusion of the thickness of the polyamide elastomer as claimed in claims 1, 2, 4-28, and 30-56 of the developing regulating member. This is found in all of claims 1, 2, 4-28, and 30-56, but not disclosed nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Katoh et al., Watabe et al., and Kuroda disclose art in developing regulating blades made of polyamide elastomer.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Susan S. Lee whose telephone number is 571-272-2137. The examiner can normally be reached on Mon. - Fri., 10:30-8:00, Second Monday Off.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Art Grimley can be reached on 571-272-2136 or 571-272-2800 (Ext. 52).
